PROLINNOVA E-evaluation

Marissa Espineli, May 2014

Process

❖ A total of 8 responses representing 8 organizations and 15 respondents (Ethiopia, India, Kenya, Nepal, Nigeria, Senegal, IIRR and ETC

❖ Usual topics:

    1. Network governance, Learning, sharing of information, International capacity building, Functioning of the IST and the Secretariat, Increased international awareness on PID/Prolinnova;

    2. Country self- assessment

Summary assessment

Governance 3.35 (3.6)	Learning, sharing of info 2.66 (2.75)
Capacity building 2.62 (2.04)	Functioning of the IST and the Secretariat 3.05 (3.28)
Increased international awareness 3.07 (3.48)	Self assessment 2.45 (3.16)

Assessment scores	2012	2013
Overall performance average	3.05	2.87
International level	3.03	2.95
National level	3.16	2.45

Findings:

❖ Little communication/information from **POG**, perceived to be less active; because of less funding or less issues to handle?

❖ **Sharing** through website and yahoogroup fine but little participation of partners in int conferences and meetings.

❖ No international **capacity building** events, limited backstopping; despite funding constraints, IST designed meaningful IPWs

Findings

❖ **IST/Secretariat** support less visible, less fund raising (except 2 regional projects); need support from IST e.g. in Planning and Monitoring

❖ **Increased international interest** and changes noted by ITS but CPs less positive

CP Self assessment

- Quite a few CPs face challenges (host, secretariat)
- Those involved in Regional projects have kept Prolinnova network alive
- Efforts to keep partners hampered by lack of funds

Selected Action Areas

Action areas	Proposed actions	Possible lead
More active communication from POG	❖Discuss during the POG meeting ❖Meeting via Skype if face to face is not possible (at least 2x a year); ❖POG investigate failing CPs	POG Chair
Identify international events that members can attend	❖Int Training via NUFFIC funding ❖Information of international events	Esther/ marise/ Laurens

Action Areas

Action areas	Proposed actions	Possible lead
New program ideas and funding opportunties	❖Brainstorm during the IPW	Secretariat
Support to CPs with specific challenges	❖ IST and CP Skype discussions, also those not in good shape ❖Identify reasons for limited use of PID, e.g. during IPW	IST
Translate documents to other languages	❖ Explore possibilities to include in proposals	All
