

PROLINNOVA and its links to the GFAR family

Draft results quick inventory 2007-2010

Forms of linkages

- *Structural* linkages: through membership in governing bodies
- *Activity-based* linkages
- *Other*

Forms of linkages

- Until 2008 Prolinnova attended and reported to the annual **GFAR project committee** (Global Partnership Program). Discontinued (internal reasons, lack of funds)
- **FARA**: Key Prolinnova African NGOs active in first NGO FARA meeting but afterwards? PROFEIS Mali Coordinating NGO member of the **African NGO group for FARA?**
- Association Tchadienne des Opérateurs du Secteur Agroalimentaire (ATOSA, linked to PROFEIS?) is NGO representative in the **Governing Board of CORAF?**
- POG member, Monica Kapiriri, **NGO member of GFAR SC** till 2008, continued inputs into GFAR and FARA.

Activity-based links

- Active role Prolinnova in all **GFAR 3 year meetings** (inputs, facilitation discussions)
- **Same G-CARD**; Prolinnova partners and IST facilitating CSO post-GCARD group
- Active role in **FARA fora** (Uganda, SA, Burkina Faso): presentations, side-events, facilitation, input to SSA- NGOC meeting around FARA fora
- Contribution to **APAARI meeting**
Prolinnova Nepal coordinator Forum

Other forms of interaction

- One Visit to FARA office;
- Email-telephone contacts with FARA
- FARA linked to COMPAS Ghanaian partner on local knowledge for PAEPARD.
- Invitation to FARA for IPW2008, to GFAR and new CSO staff for IPW2011

Conclusion

- Potential for linkages with GFAR family
- In practice limited links;
- Mostly activity based, little structural
- Individual NGOs part of Prolinnova sometimes involved but not on behalf of Prolinnova.
